

- County investigators enrolled in the PFRS must be certified in the Basic Course for county investigators as prescribed by the PTC.
- Similarly, firefighters enrolled in the PFRS must complete and receive Firefighter 1 Certification through the New Jersey Department of Community Affairs, Division of Fire Safety.

**ELIGIBILITY CRITERIA**

Enrollment in the Police and Firemen's Retirement System (PFRS) is required for permanent, full-time employees hired in positions of law enforcement or firefighting in the State of New Jersey. Temporary or part-time employees working in PFRS titles are not eligible for enrollment in any State-administered pension system. Please visit the New Jersey Division of Pensions & Benefits (NJDPB) website at: <http://www.nj.gov/dp&b> for a listing of covered positions. These employees must enroll in the PFRS as a condition of employment once they have completed the required police or fire training and have satisfied the age and health requirements for membership.

To be eligible for participation in the PFRS, a position must meet the statutory definition of a police officer or firefighter, including the mandate that a candidate for a PFRS position must successfully complete specific training ing ing ing iCssfully complete spe-

in the PFRS must be  
se for correction offi-  
PTC.

For Non-Civil Service employers: employees must be appointed on or before their 35th birthday to qualify for enrollment (N.J.S.A. 43:16A-3(1)).

### EXCEPTIONS TO MAXIMUM AGE LIMIT

There are exceptions to the age rule that sometimes lead to confusion. Since each employer is responsible for knowing the pension eligibility requirements for employees, the following guidelines should clarify the rules for more complex enrollment cases. If employees qualify for any of the exceptions to the maximum age limit, upon request from the NJDPB, the employer should submit proof of those exceptions.

- In accordance with N.J.A.C. 17:4-2.5 and N.J.S.A. 43:1-1.1, eligible periods of military service during times of war or conflict may be used to reduce enrollment age. Such military service must have occurred during periods outlined in the *Employer's Pensions and Benefits Administration Manual (EPBAM)* or the *PFRS Member Guidebook* as qualifying for Veteran Status for pension purposes and must have been served in the area of conflict. For example, if an individual who is 35 years and six months old at the date of appointment served active military service in Iraq as part of Operation Iraqi Freedom from September 1, 2005, to August 31, 2006, this year of active service may be subtracted from the candidate's chronological age to yield an enrollment age of 34 years and six months. This age reduction would permit enrollment in the PFRS.
- In accordance with N.J.S.A. 40A:14-127.1, any former State trooper, sheriff's officer or deputy, or county or municipal policeman is permitted to use previous service as a police officer to reduce actual age in order to meet the maximum age requirement of 35 years for the position of a municipal police officer. Prior experience in federal law enforcement agencies or in law enforcement agencies of other states would also qualify for

the purpose of reducing the candidate's age for the position of a municipal police officer. In any case, no person may be appointed over the age of 45 except for those who were previously involuntarily terminated from their former employment.

- Age reductions may also be granted for persons seeking employment as municipal police officers who have prior service with the Delaware River Port Authority Police, Amtrak, or Southeastern Pennsylvania Transportation Authority (SEPTA) police departments.

### CANDIDATES WHO EXCEED THE AGE LIMIT

Individuals employed by the State of New Jersey or any county, and volunteer firefighters hired by a municipality or fire district who exceed the maximum age requirement for membership in the PFRS but who are otherwise eligible for the position shall establish membership in the PERS.

While volunteer firefighters may be appointed to paid positions within part-paid fire departments up to age 40 (N.J.S.A. 40A:14-44), any such firefighter over age 35 is eligible for enrollment in the PERS, but not the PFRS.

Existing overage PERS members who are hired into a permanent PFRS title with the State or a county employer remain in the PERS after successful completion of mandatory basic police or firefighter training.

Individuals seeking employment with a municipality in an eligible PFRS title who are over age 35 on the closing date of the examination with a Civil Service employer, or over age 35 on the date of hire with a Non-Civil Service employer, even after reductions in age have been taken into account, cannot establish membership in any State-administered retirement system. Since enrollment in the PFRS is a condition of employment (N.J.S.A. 43:16A-3(1)), these individuals cannot be hired.

### MORE INFORMATION

If you have specific questions regarding PFRS enrollment, you may write to the New Jersey Division of Pensions & Benefits, Enrollment Bureau, P.O. Box 295, Trenton, NJ 08625-0295, or email the NJDPB at:
